**Project Status:** Completed 2006

The Fifth – Third Bank is a two story office building located at the southwest corner of Quadrille Boulevard and North Olive Avenue in downtown West Palm Beach. The building is approximately 10,000 square feet in size. Engenuity Group prepared the construction drawings and specifications, and applied for permit approvals for the water, wastewater, and fire services, the driveway and drainage connections to Quadrille Boulevard, and the parking lot. Engenuity Group's involvement during construction included construction observation and preparation of the construction completion certifications.
