Engenuity Group Performed the Following Services for this Project:

Engenuity Group was responsible for all of the site civil improvements including water, sewer, paving, and drainage design for an 1100-seat sanctuary building on the existing campus of Our Lady Queen of the Apostles Catholic Church in Royal Palm Beach, Florida. The \$6 million project fulfilled phase three of the site's master plan. Engenuity Group's services also included the permitting, construction observation, and construction completion certification of the site civil improvements.
